Concerning the Unlicensed Personal)	
Communications Service)	

REQUEST FOR EXTENSION OF TIME

The Cellular Telecommunications & Internet Association ("CTIA")^{1/} respectfully requests a three-day extension of time – from November 5, 2001 to November 8, 2001 – in which to submit reply comments in the above-captioned proceeding.^{2/}

^{1/} CTIA is the international organization of the wireless communications industry for both wireless carriers and manufacturers. Membership in the association covers all Commercial Mobile Radio Service ("CMRS") providers and manufacturers. CTIA represents more broadband PCS carriers and more cellular carriers than any other trade association.

^{2/} CTIA concurrently is requesting a three-day extension of time to file reply comments in another proceeding, the due date of which currently is also November 5, 2001. In the Matter of Flexibility for Delivery of Communications by Mobile Satellite Serv. Providers in the 2 GHz Band, the L-Band, and the 1.6/2.4 GHz Band; Amendment of Section 2.106 of the Commission's

The due date for the initial comments in this proceeding was October 19, 2001, with reply comments due on November 5, 2001.^{3/} On October 17, however, the Commission announced that the due date for any filings due at the Commission on October 19, 2001, would be extended to October 22, 2001.^{4/} While a few comments in this docket were filed on October 19, the vast majority were not filed until October 22. If the due date for reply comments remains November 5, parties will effectively lose three days of the already abbreviated period provided by the Commission to review the comments and prepare replies.

The record in this proceeding is substantial; at least 45 comments have been filed. Grant of this request would be in the public interest because it would give commenters the full amount of time initially granted by the Commission to prepare reply comments in this proceeding and thereby provide the Commission with a more complete record on which to base its decision.

Respectfully submitted,

CELLULAR TELECOMMUNICATIONS
& INTERNET ASSOCIATION

/s/

Michael F. Altschul
